Welcome to the National Student Survey 2011

January and February see the launch of the National Student Survey (NSS) 2011 at most Higher and Further education institutions across the UK. Entering its seventh year, the NSS is your opportunity to give your opinions on what you liked about your time at your institution/course as well as things that you felt could have been improved.

Student feedback is used to compile year on year comparative data that is:

1. published on unistats.com where prospective students and their advisors can use the results to help make informed choices of where and what to study
2. useful to your university, students' union or college to facilitate best practice and enhance the student learning experience.

You and your answers remain anonymous at all times and your contact details are only used for the purpose of the survey.

The survey is administered by Ipsos MORI, an independent market research agency.
