

Newsletter #11 (June 2023)

Information from the Institute for Academic Development for
PGCert/PGDip/Masters students at the University of Edinburgh

What does the Institute for Academic Development (IAD) do?

Our aim is to help students and staff succeed in their current roles and in their future careers. We do this by providing University-level support for teaching, learning and researcher development.

We provide workshops and resources for post-graduate taught students (online and on-campus students), to help you gain the skills, knowledge, and confidence needed for studying at postgraduate level.

Learning & Teaching Conference 2023

Staff and students from across the University will come together to discuss the Scholarship of Teaching and Learning (SoTL) on the 27th and 28th June 2023.

Online tickets are still available for the live stream of Day 1 and full access to all sessions on Day 2.

This year all sessions will be open-to-all and filled on a first-come-first-served basis. As such, you do not need to book onto any individual sessions. Joining instructions for all of the online sessions will be communicated to you in advance of the conference.
