**Funded project call: PTAS submission deadline 21 March 2019**

The Principal’s Teaching Award Scheme aims to encourage and support activities that will make a significant contribution to the enhancement of learning and teaching at the University of Edinburgh, at both undergraduate and postgraduate level.

All staff with learning, teaching or student support roles are welcome to apply. You don’t need any special expertise in educational projects and the IAD can provide advice and support on your bid. We particularly value bids that involve students in the collaborative team. In addition there’s special calls for projects linked with lecture recording AND with employability. We also are encouraging bids that link with the theme of widening participation in higher education.

**More information on our web pages** (including information about current and previous PTAS projects and upcoming workshops to help you with bids).

**IAD Tutors & Demonstrators**

The IAD supports tutors and demonstrators teaching and marking across the University by offering orientation courses for new or relatively new teachers, enhanced development courses for more experienced teachers, and support for gaining teaching accreditation.
